# Jewish Security & Empowerment

## OUR OBJECTIVES

- Understand the evolving landscape of threats and the dimensions of Jewish security and insecurity.
- Deepen our understanding of the human component of security: What makes people feel safe, secure and empowered.
- Learn representative practices from other communities in their approach to issues of Jewish security and empowerment.
- Build new connections and identify big questions and potential solutions by reframing problems using new tools and approaches.
- Collaborate within communities to assess security needs and establish local priorities.
- Determine a collective vision for Jewish Security & Empowerment to drive future efforts at the local, regional and national levels.
